# Join this Team!

## Michelle de la Perrelle - Speech Pathologist

Michelle created Tobruk Centre over a decade ago. After more than 15 years working as a Speech Pathologist within the public health system, Michelle longed to be able to do things differently and to put kids at the centre of decision making.

## Lisa Boyce - Speech Pathologist

Lisa loves nothing more than a busy day of play-based therapy sessions, working together with families to help kids interact and communicate with the people around them. Lisa has been a speech pathologist for more than 20 years, and we're lucky to have had here with us at Tobruk for 10 of those.

## Sharyn Laube - Speech Pathologist

Sharyn loves what she does and has almost 10 years of experience. She loves hearing children say new words for the first time, or seeing the joy from a parent or caregiver when a child is able to communicate meaningfully with them as a result of the work they've done at Tobruk.

## Jade Cooney - Speech Pathologist

Jade is a Graduate Speech Pathologist here at Tobruk. She loves spending time with a range of different kids, working on speech using games, learning about language through books and reading, and learning ways to communicate with their peers.

## Amie Taylor - Office Manager

Amie has been with us more than three years and helps keep everything running smoothly. We cherish her friendly and wonderful-natured manner. She offers her support to families as they navigate the services they need. Amie brings high-quality attention to all details throughout the business.

# COME HAVE FUN!

## Petrea Glover - Occupational Therapist

Every day is different for Petrea, whose 35+ years of industry experience brings enormous depth to our team. Petrea loves the privilege of working with kids and their families and building relationship of trust and care – and usually with a fair bit of fun involved for the kids and adults alike.

## Charlotte Illman - Occupational Therapist

Incorporating each individual child's interests into their therapy is Charlotte's speciality - she's finding herself learning a lot about Minecraft, Sonic, Pokemon and Paw Patrol, just to name a few!

## Chelsea Franks - Youth Development Practitioner

Chelsea is a skilled and experienced Youth Practitioner who loves providing a space for kids to feel safe, respected and heard - and always with a few laughs along the way.
